

Product: LUBRAX POLYTEC 3

SDS ID: 1025433

Revision date: 21/05/2025

## SECTION 1: Identification

### 1.1. GHS Product identifier

|               |                       |
|---------------|-----------------------|
| Product form  | : Mixture             |
| Product name  | : LUBRAX POLYTEC 3    |
| Product code  | : 1025433             |
| Product group | : Produtos comerciais |

### 1.2. Other means of identification

No additional information available

### 1.3. Recommended use of the chemical and restrictions on use

|                 |                                                                                                                                                              |
|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Recommended use | : Polyurea based greased, specially developed for electric engine use, Grease based on duly refined petroleum mineral oils, polyurea thickener and additives |
|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|

### 1.4. Supplier's details

|                 |                                                                      |
|-----------------|----------------------------------------------------------------------|
| Name of company | : Vibra Energia S.A.                                                 |
| Address         | : Rua Correia Vasques, 250<br>Rio de Janeiro<br>Brasil<br>20.211-140 |

|     |                                                                                |
|-----|--------------------------------------------------------------------------------|
| SAC | : 4090 1337 ou 0800 770 1337 (capitals, metropolitan regions or other regions) |
|-----|--------------------------------------------------------------------------------|

|                            |                  |
|----------------------------|------------------|
| Emergency telephone number | : 0800 024 44 33 |
|----------------------------|------------------|

### 1.5. Emergency phone number

|                  |                                                                                                                        |
|------------------|------------------------------------------------------------------------------------------------------------------------|
| Emergency number | : 0800 024 44 33 CAE (Emergency Support Center), for leaks, spills and other accidents that require emergency support. |
|------------------|------------------------------------------------------------------------------------------------------------------------|

## SECTION 2: Hazard identification

### 2.1. Classification of the substance or mixture

Classification according to GHS BR (ABNT NBR 14725: 2023)

Chemical product not classified as hazardous according to ABNT NBR 14725

**Product: LUBRAX POLYTEC 3**

**SDS ID: 1025433**

**Revision date: 21/05/2025**

## 2.2. GHS Label elements, including precautionary statements

### GHS BR labelling

Precautionary statements (GHS BR)

## 2.3. Other hazards which do not result in classification

No additional information available

## SECTION 3: Composition/information on ingredients

### 3.1. Substances

Not applicable

### 3.2. Mixtures

| Name                                                                          | GHS Product identifier | %       | Classification according to GHS BR (ABNT NBR 14725: 2023) |
|-------------------------------------------------------------------------------|------------------------|---------|-----------------------------------------------------------|
| N-(4-((4-(((cyclohexylamino)carbonyl)amino)phenyl)methyl)phenyl)-N'-octadecyl | CAS-No.: 154099-21-5   | 0,5 - 2 | Not classified                                            |

Comments : The mineral oils present in the product are highly refined and contain <3% DMSO extract (IP 346).

## SECTION 4: First-aid measures

### 4.1. Description of necessary first-aid measures

First-aid measures general : If you feel unwell, seek medical advice.

First-aid measures after inhalation : If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER/doctor if you feel unwell.

First-aid measures after skin contact : After contact with skin, take off immediately all contaminated clothing, and wash immediately with plenty of water.

First-aid measures after eye contact : In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

First-aid measures after ingestion : Do NOT induce vomiting. Rinse mouth out with water.

### 4.2. Most important symptoms and effects, acute and delayed

Symptoms/effects after inhalation : Although no appropriate human or animal health effects data are known to exist, this material is expected to be an inhalation hazard.

Symptoms/effects after skin contact : None under normal conditions.

Symptoms/effects after eye contact : None under normal conditions.

**Product: LUBRAX POLYTEC 3**

**SDS ID: 1025433**

**Revision date: 21/05/2025**

Symptoms/effects after ingestion : None under normal conditions.

#### 4.3. Indication of any immediate medical attention and special treatment needed, if necessary

Notes to physician : Treat symptomatically

### SECTION 5: Fire-fighting measures

#### 5.1. Suitable extinguishing media

Suitable extinguishing media : Water spray, dry chemical powder, foam for use in hydrocarbons, carbon dioxide (CO<sub>2</sub>).

Unsuitable extinguishing media : Do not use a heavy water stream.

#### 5.2. Specific hazards arising from the chemical

Fire hazard : No fire hazard.

Explosion hazard : No direct explosion hazard.

#### 5.3. Special protective actions for fire-fighters

Firefighting instructions : Fight fire with normal precautions from a reasonable distance. Do not enter fire area without proper protective equipment, including respiratory protection.

Protection during firefighting : Wear recommended personal protective equipment.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Stop leak if safe to do so. Notify authorities if product enters sewers or public waters. Absorb spillage to prevent material damage.

##### 6.1.1. For non-emergency personnel

Protective equipment : Wear recommended personal protective equipment.

Emergency procedures : Evacuate area. Only qualified personnel equipped with suitable protective equipment may intervene. Notify fire brigade and environmental authorities.

##### 6.1.2. For emergency responders

Protective equipment : Equip cleanup crew with proper protection.

Emergency procedures : Evacuate unnecessary personnel. Stop leak if safe to do so.

#### 6.2. Environmental precautions

Avoid release to the environment. Notify authorities if product enters sewers or public waters.

**Product: LUBRAX POLYTEC 3**

**SDS ID: 1025433**

**Revision date: 21/05/2025**

## 6.3. Methods and materials for containment and cleaning up

|                         |                                                                                                                                                                                          |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| For containment         | : Absorb spilled material with sand or earth. Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams.<br>Stop leak without risks if possible. |
| Methods for cleaning up | : Take up liquid spill into absorbent material.                                                                                                                                          |

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|                                   |                                                                                                              |
|-----------------------------------|--------------------------------------------------------------------------------------------------------------|
| Additional hazards when processed | : Not expected to present a significant hazard under anticipated conditions of normal use.                   |
| Precautions for safe handling     | : Keep only in original container. Do not handle until all safety precautions have been read and understood. |
| Hygiene measures                  | : Do not eat, drink or smoke when using this product.                                                        |

### 7.2. Conditions for safe storage, including any incompatibilities

|                     |                                                                             |
|---------------------|-----------------------------------------------------------------------------|
| Technical measures  | : Keep in a cool, well-ventilated place away from heat.                     |
| Storage conditions  | : Keep cool. Protect from sunlight.                                         |
| Packaging materials | : Store always product in container of same material as original container. |

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

No additional information available

### 8.2. Appropriate engineering controls

|                                  |                                                |
|----------------------------------|------------------------------------------------|
| Appropriate engineering controls | : Ensure good ventilation of the work station. |
|----------------------------------|------------------------------------------------|

### 8.3. Individual protection measures

#### Personal protective equipment:

Wear recommended personal protective equipment.

#### Hand protection:

Protective gloves

#### Eye protection:

Wear security glasses which protect from splashes

**Product: LUBRAX POLYTEC 3**

**SDS ID: 1025433**

**Revision date: 21/05/2025**

**Skin and body protection:**

Wear suitable protective clothing

**Respiratory protection:**

No respiratory protection needed under normal use conditions

**Personal protective equipment symbol(s):**

## SECTION 9: Physical and chemical properties

### 9.1. Basic physical and chemical properties

|                                                    |                                     |
|----------------------------------------------------|-------------------------------------|
| Physical state                                     | : Liquid                            |
| Appearance                                         | : Pasty.                            |
| Colour                                             | : Blue                              |
| Odour                                              | : characteristic                    |
| Odour threshold                                    | : Not available                     |
| pH                                                 | : Not available                     |
| Melting point                                      | : Not available                     |
| Freezing point                                     | : Not available                     |
| Boiling point                                      | : Not available                     |
| Flash point                                        | : $\geq 200$ °C ASTM D92 (BASE OIL) |
| Relative evaporation rate<br>(butylacetate=1)      | : Not available                     |
| Flammability                                       | : Not available                     |
| Explosive limits                                   | : Not available                     |
| Vapour pressure                                    | : Not available                     |
| Relative vapour density at 20°C                    | : Not available                     |
| Relative density                                   | : 0,92                              |
| Density                                            | : Not available                     |
| Solubility                                         | : Water:<br>Organic solvent:        |
| Partition coefficient n-octanol/water<br>(Log Kow) | : Not available                     |
| Auto-ignition temperature                          | : Not available                     |
| Decomposition temperature                          | : Not available                     |
| Kinematic Viscosity (40°C)                         | : Not available                     |
| Particle size                                      | : Not applicable                    |
| Particle size distribution                         | : Not applicable                    |
| Particle shape                                     | : Not applicable                    |

**Product: LUBRAX POLYTEC 3**

**SDS ID: 1025433**

**Revision date: 21/05/2025**

Particle aspect ratio : Not applicable

Particle specific surface area : Not applicable

## 9.2. Data relevant with regard to physical hazard classes

No additional information available

## 9.3. Further safety characteristics

No additional information available

## SECTION 10: Stability and reactivity

Chemical stability : Stable under normal conditions of use.

Conditions to avoid : Extremely high or low temperatures. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

Hazardous decomposition products : No hazardous decomposition products known at room temperature.

Incompatible materials : Strong oxidizing agents.

Possibility of hazardous reactions : None under normal use.

Reactivity : The product is non-reactive under normal conditions of use, storage and transport.

Handling temperature : No additional information available

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

Acute toxicity (oral) : Not classified.

Acute toxicity (dermal) : Not classified.

Acute toxicity (inhalation) : Not classified.

| LUBRAX POLYTEC 3      |                |
|-----------------------|----------------|
| LD50 oral rat         | > 5000 mg/kg   |
| LD50 dermal rat       | > 5000 mg/kg   |
| LD50 dermal rabbit    |                |
| LC50 Inhalation - Rat | > 5,53 mg/l/4h |

Skin corrosion/irritation : Not available

Serious eye damage/irritation : Not available

Respiratory or skin sensitisation : Not available

Germ cell mutagenicity : Not available

**Product: LUBRAX POLYTEC 3**

**SDS ID: 1025433**

**Revision date: 21/05/2025**

|                        |                                                                                                                                                             |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Carcinogenicity        | : Not available                                                                                                                                             |
| Reproductive toxicity  | : Not available                                                                                                                                             |
| STOT-single exposure   | : Not available                                                                                                                                             |
| STOT-repeated exposure | : Not available                                                                                                                                             |
| Aspiration hazard      | : Not available                                                                                                                                             |
| Other information      | : This mixture does not contain carcinogenic ingredients. The mineral oils present in the product are highly refined and contain <3% DMSO extract (IP 346). |

## 11.2. Most important symptoms and effects, both acute and delayed

|                                     |                                                                                                                                         |
|-------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Symptoms/effects after inhalation   | : Although no appropriate human or animal health effects data are known to exist, this material is expected to be an inhalation hazard. |
| Symptoms/effects after skin contact | : None under normal conditions.                                                                                                         |
| Symptoms/effects after eye contact  | : None under normal conditions.                                                                                                         |
| Symptoms/effects after ingestion    | : None under normal conditions.                                                                                                         |

## SECTION 12: Ecological information

### 12.1. Toxicity

|                                                           |                   |
|-----------------------------------------------------------|-------------------|
| Hazardous to the aquatic environment, short-term (acute)  | : Not classified. |
| Hazardous to the aquatic environment, long-term (chronic) | : Not available   |

| LUBRAX POLYTEC 3     |              |
|----------------------|--------------|
| EC50 - Crustacea [1] | > 10000 mg/l |
| NOEC (chronic)       | > 1,93 mg/l  |

### 12.2. Persistence and degradability

| LUBRAX POLYTEC 3              |                    |
|-------------------------------|--------------------|
| Persistence and degradability | Rapidly degradable |

### 12.3. Bioaccumulative potential

No additional information available

### 12.4. Mobility in soil

No additional information available

**Product: LUBRAX POLYTEC 3****SDS ID: 1025433****Revision date: 21/05/2025****12.5. Other adverse effects**

Hazardous to the ozone layer : Not available

**SECTION 13: Disposal considerations**

Regional waste regulation : Law No. 12.305 on the National Policy on Solid Waste Management, 02 August 2010.

Waste treatment methods : Must follow special treatment according to local regulation.

Sewage disposal recommendations : Disposal must be done according to official regulations.

Product/Packaging disposal recommendations : Disposal must be done according to official regulations.

Additional information : Do not re-use empty containers.

**SECTION 14: Transport information**

In accordance with IMDG / IATA / ANTT

**14.1 National and international Regulations****Overland transport**

Proper Shipping Name (ANTT) : Not applicable

Dangerous for the environment : No

**Transport by sea**

UN-No. (IMDG) : Not applicable
